

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

★   ★   ★   ★   ★

In the Matter of:

THE TARIFF FILING OF AT&T	)	
COMMUNICATIONS CONCERNING	)	
THE PROVISION OF ACCUNET	)	CASE NO. 9345
T1.5 SERVICE	)	

O R D E R

On May 10, 1985, AT&T Communications ("AT&T") filed a tariff to allow the provision of ACCUNET T1.5 Service. ACCUNET is a service which provides for the simultaneous two-way transmission of digital signals at a speed of 1.544 Mbps where facilities are available between customer locations within the state.

On May 31, 1985, the proposed tariff was suspended by the Commission for further investigation and review.

The Commission, after review of the record and being fully advised, is of the opinion and finds that:

(1) The proposed rate structure allows the direct pass-through of the access rate and other applicable charges which the Company would incur while providing ACCUNET service.

(2) Due to the variance in access charges imposed by the Local Exchange Carriers it is most practical to allow the direct pass-through of these charges.

(3) The Federal Communications Commission has approved a like interstate offering which became effective March 4, 1985.

(4) The tariff, as filed May 10, 1985, is fair, just and reasonable and should be approved.

IT IS THEREFORE ORDERED that the tariffs filed by AT&T on May 10, 1985, to provide ACCUNET T1.5 Service are approved and are effective for service on and after the date of this Order.

IT IS FURTHER ORDERED that AT&T shall file with the Commission within 30 days from the date of this Order the tariffs approved herein.

Done at Frankfort, Kentucky, this 9th day of August, 1985.
